SC 09757/63-KH M/EB 425/63 4 October 1963 Copy _______

THROUGH: Chief, Requirements Branch, Reconnaissance Group, CGS FRCM: Chief, CIA/FID (NPIC) SUBJECT: Space Tracking Facility Search REFERENCE: (a) Requirement C-SI-3-80,561 (b) CIA/FID Project C 1278-63 1. This memorandum is in response to your requirement dated 11 September 1963 requesting a 50 nm radius search around Magdagachi, Zeya, Takhtamygda, and Tynda, USSR, for possible space tracking facilities or missile range instrumentation sites. 2. A search was made of the specified areas on good quality, cloud free photography with negative results for snace tracking facilities or missile range instrumentation sites. 2. A search was made of the specified areas on good quality, cloud free photography with negative results for snace tracking facilities or missile range instrumentation sites. 2. A search was made of the specified areas on good quality, cloud free photography with negative results for snace tracking facilities or missile range instrumentation sites. 2. A search was made of the specified areas on good quality, cloud free photography with negative results for snace tracking facilities or missile range instrumentation sites. 2. A search was made of the specified areas on good quality, cloud free photography with negative results for snace tracking facilities or missile range instrumentation sites. 2. A search was made of the specified areas on good quality, cloud free photography with negative results for snace tracking facilities or missile range instrumentation sites. 2. A search was made of the specified areas on good quality, cloud free photography no mensuration data on antennas was obtained. 2. A search was made of the specified areas on good quality, cloud free photography no mensuration data on antennas vas obtained. 2. A search was made of the specified areas on good quality, cloud free photography no mensuration data on antennas vas obtained. 2. A search was made of the specified areas on good quality, cloud free photography and photography no mensuration data on antennas vas obt	MEMORANDUM FOR:	Chief, Ballistic Missiles and Space Division, OSI
